

**Unchained**  
**By Reyadh Rahaman**

The hawk arcs through the skies

Free

She glides through clouds

Free

She stares downwards

Free

She dives to strike

The wolf races across the land

Free

He roams and hunts the woods

Free

He howls at the moon

Free

He conquers the wild

The shark surges through the deep

Free

They lurk in the abyss

Free

They lunge ferociously

Free

They consume and grow
